What is Global Mobility Call?

The True World Conference & Expo on **Sustainable Mobility** of people and goods that connects all industries and stakeholders through its unique holistic and transversal approach.

With the clear **purpose ("CALL")** of addressing the **main challenges** and providing **solutions** that allow safer, cleaner and more inclusive economic, environmental and social development.

Madrid- an open, hospitable and innovative city pioneering initiatives in sustainable mobility and recognized as one of the most attractive business centres globally.
